

The 15th International Symposium on Teacher Education in East Asia

ICUE International Consortium for Universities of Education in East Asia

Invitation to the 15th International Symposium on Teacher Education in East Asia

June 3, 2021

Dear Member Universities of ICUE

We cordially invite you to attend the 15th International Symposium on Teacher Education in East Asia hosted by Kongju National University. This symposium will be held on October 28th(Thursday), 2021 with “Digital Transformation Era: Reforming the Teacher Education System” as the main theme.

The matters concerned are as below:

1. Main Theme: “Digital Transformation Era: Reforming the Teacher Education System”

Starting from the social issues of confrontation and coexistence between humans and Artificial Intelligence(AI) in 2016, the transition to AI and data-based society has become the core of the era of digital transformation. After the COVID19 pandemic, which occurred in 2020, non-face-to-face situations and online education have become more familiar than face-to-face situations and offline education. These two issues faced by all countries in recent years are changing not only our lives but also the paradigm of education. This year’s symposium selected two topics to reflect this trend of global change.

I . Reforming Teacher Education for Post-COVID19 and Multi-Platform

II . Reforming Teacher Education in the Society of AI and Data Science

2. Date: Thursday, October 28, 2021

3. Method: Online(Using Zoom)
